NEW TECHNOLOGIES I AM LEARNING / HAVE RECENTLY ADDED

• Python • React.js • MongoDB • JavaScript ES6 • AI Film Making • AI Advertisement Making • Generative AI • Digital Marketing • Social Media Influencing & Marketing • AI / ML using Python • AI-assisted Content Creation • AWS / Cloud Concepts • DevOps Concepts • Forward Deployed Engineering

Professional focus: combining software engineering, emerging AI tools, digital marketing and creative media to build applications, teach technology, create content and produce AI-assisted films/advertisements.

PROFESSIONAL EXPERIENCE

Node.js Backend Developer & Playwright Tester — AEONX

Apr 2023 – May 2026 | Bhuj, Gujarat

- Developed and maintained Supplier-X SaaS backend APIs using Node.js, Express.js and MySQL, with MongoDB used where appropriate.
- Worked in a 12-member product team with the React.js frontend team on API-driven web application features.
- Implemented backend business logic, validations, database operations, integrations and enterprise procurement workflows.
- Performed web application testing and automation using Playwright.

PHP / Laravel Web Application Developer — Kachchh Web Info (now MetaX Empire Pvt. Ltd.)

Jul 2021 – Mar 2023 | Bhuj, Gujarat

- Developed and maintained web applications using Laravel, PHP, MySQL, CodeIgniter, HTML, CSS, JavaScript and jQuery.
- Built websites and business applications for FMCG, property, dairy, mining, handicraft, restaurant and other domains.
- Worked in a two-member development team and handled development, maintenance and client-oriented changes.

IT / Hardware & Network Engineer — Venus Pipes

Jun 2021 – Jul 2022 | Gujarat

- Maintained LAN, Wi-Fi, CCTV, PCs, printers and IT help-desk operations; coordinated vendor support.

Graphics Designer cum Office Assistant — PGD Export Co.

Mar 2021 – May 2021 | Bhuj, Gujarat

- Edited PDFs, designed graphics in CorelDRAW/Photoshop and prepared lead lists using online research.

Computer Trainer / Academic & Administrative Role — Shree Panvallabh Skill College

Nov 2019 – Feb 2021 | Gujarat

- Trained students in MS Office, Tally ERP, Photoshop, CorelDRAW and WordPress; handled academic and administrative responsibilities.

Computer / IT Trainer — Hope Foundation

Dec 2017 – May 2018; May 2019 – Oct 2019 | Gujarat

- Taught C, C++, C#.NET, MS Office, HTML5, CSS, JavaScript, Tally, Photoshop, CorelDRAW and IoT using Arduino/Raspberry Pi.

IT Manager — BPSE – Beena Parikh School of Excellence / Mother's Care

Dec 2014 – Jan 2017 | Anjar, Kachchh

- Managed school IT, computer lab and office hardware/network issues.
- Designed banners, hoardings, e-cards, flyers, standees and TV/video advertisements; maintained websites and supported social-media/event content.
- Worked on Android application development and general IT operations.

Assistant Lecturer / IT Faculty — SGJ Gurukul College

Jun 2011 – Feb 2014 | Kodaypul, Gujarat

- Taught C, C++, C#.NET, HTML, CSS, JavaScript, Flash, Oracle SQL/PLSQL, Core Java, Dreamweaver and Operating Systems; conducted exams and assessment.

Assistant Lecturer / IT Faculty — Veerayatan College
Jul 2009 – May 2011 | Jakhaniya, Mandvi, Gujarat

- Delivered BCA-level computer science and IT practical/theory instruction.

Computer Lab In-charge / Hardware Engineer — SRK Institute
Jun 2008 – Jun 2009 | Sapeda, Gujarat

- Managed computer lab hardware and helped students prepare C, C++ and Linux practicals.

Hardware / Network Support Engineer — GAIL – Samakhiyali
Jun 2007 – Jun 2008 | Kachchh, Gujarat

- Supported approximately 125 computers, including around 75 systems at remote Kandla location, with hardware/network troubleshooting.

MOBILE APP DEVELOPMENT & PROJECT MENTORING

- Android Native App Development using Core Java; taught and mentored students on practical mobile application projects.
- Mentored a Restaurant Ordering App concept similar to online food-ordering applications.
- Mentored a Smart Cycle App concept for a handle/display system similar to connected-bike interfaces.
- Mentored a Bus Conductor / QR Payment System concept aligned with digital payment workflows.
- Taught Oracle SQL/PLSQL and database concepts alongside application development.

AI FILMMAKING, AI ADVERTISING & SOCIAL MEDIA

- AI-assisted film/video creation and prompt engineering for visual storytelling, advertisements, educational content and social-media videos.
- AI advertisement workflows covering concept development, scripting, visual prompts, scene design and social-first content.
- Social-media content experience from school event photography/video coverage, festival/event creatives and promotional communication.
- Graphic-design foundation in Photoshop, CorelDRAW and Canva for thumbnails, posters, banners, promotional creatives and digital campaigns.
- Digital marketing interests include SEO, social-media marketing, paid social concepts, content creation and website-driven promotion.

SOFTWARE TRAINING & TEACHING EXPERIENCE

- Extensive teaching experience across BCA colleges, institutes and independent tuition programs.
- Taught C, C++, Core Java, C#.NET, PHP-MySQL, Laravel, HTML5, CSS, JavaScript, Oracle SQL/PLSQL, Android, Operating Systems, MS Office, Tally, Photoshop, CorelDRAW, WordPress and IoT.
- Conducted practical sessions, examinations, assessment and student project mentoring.
- Experienced in adapting technical subjects for beginners, college students and practical project-oriented learners.

EDUCATION

M.Sc. IT — Karnataka State Open University | 2012 | 72%
